

# PHY 338k Lab Report 3

Lily Nguyen with Anna Grove

October 9, 2025

## **1 Introduction**

## **2 Lab 7: Operational Amplifiers I**

## **3 Lab 8: Operational Amplifiers II**

### **Acknowledgements**

We would like to thank our laboratory instructor, Dr. Heinzen, and our teaching assistant, Kyle Gable, for their guidance and support through these labs. Their assistance and feedback were invaluable in helping us understand the experimental procedures and circuit concepts. We also appreciate the department's laboratory facilities and equipment, which made these experiments possible.
